* The budget is indicative and represents the committed funding available for all projects the organisation supports in this Call.

QUANTERA
ERA-NET Cofund in Quantum Technologies

Call 2021

for Transnational Research Proposals

TOPICS

- ◆ Quantum Phenomena and Resources
- ◆ Applied Quantum Science

www.quantera.eu

◆ Topics of Quanterra Call 2021

Funded projects are expected to address one or more of the following research areas:

- Quantum communication
- Quantum simulation
- Quantum computation
- Quantum information sciences
- Quantum metrology sensing and imaging

◆ International consortium

The project consortia must have a minimum of three partners requesting funding in at least three countries participating in the Call

◆ Evaluation

Pre- and full proposals are evaluated based on criteria of Excellence, Impact, Quality and Efficiency of the implementation

◆ Topics of project duration

Projects may be funded for 24 or 36 months

◆ Eligibility for funding

Each applicant must fulfill the conditions of the national/regional research funding organisation. Please refer to the Call Announcement on quanterra.eu

QuantERA II ERA-NET Cofund is a consortium of Research Funding Organisations supporting research in Quantum Technologies in Europe.

The consortium consists of 38 partners from 30 countries, coordinated by the National Science Centre, Poland. With a budget of €40 M, including co-funding from the European Commission, QuantERA will support international research projects in the field of Quantum Technologies.
